

For the fourth consecutive year, your Akron-Canton Regional Foodbank served more neighbors and distributed more food than the previous year.

In partnership with our hunger-relief network, we provided access to enough food for 32.8 million meals in 2025 – now the largest year in the organization’s history.

The government shutdown and delayed distribution of food benefits caused a significant surge in demand across our region. Though we experienced a nearly 30% decrease in food support from federal and state sources, we extended our pantry hours and sent our mobile pop-up pantry into additional neighborhoods to serve our community in a time of great need.

But because of you, our very generous community, the Foodbank was able to respond to the moment, to meet people where they were, and to offer them hope in the form of groceries. Thank you for choosing to support your Foodbank in 2025!
